Cheaper, Faster, Better Meds

Trade in health products has been flourishing as more and more people demand better health. But countries around the world still apply tariffs and nontariff measures that jack up prices and curb the entry of pharmaceuticals, vaccines, and medical equipment.

PODCAST

Sharp rise in overweight and obesity in Asia and the Pacific threatens their prosperity

Obesity has reached world-wide epidemic proportions. Overweight and obesity weaken the body, hamper lower-body mobility, and impede daily activities.

International remittances and poverty reduction

The World Bank (2014) estimates that international remittances to developing countries reached \$436 billion in 2014. Remittances to East Asia, the Pacific, and South Asia account for the largest and second-largest shares in the world.
